Our names are Lija and Kristina. Lija comes from a small town called Radovljica, Kristina lives in a village Ljubno near Radovljica. We are fourteen years old. Both places are situated in the north-west of Slovenia, near the river Sava, the Julian Alps and Karavanke.

Population of Radovljica is about 6000 and population of Ljubno is about 500.

Because in Ljubno there is nothing to see we will write about Radovljica.

A lot of tourists come to Radovljica because of a beautiful old part of the town where you can see a church and apicultural museum.

In Radovljica, there are a lot of restaurants, shops and markets.
