

Ljubno

us

Our names are jure and robi. We are both fourteen. We live in ljubno. Ljubno is a village near the town of Radovljica, also called ljubno, in gorenjska, in Slovenia.

About where WE live

Ljubno is a village with About 100
houses and in each house there are on
average 4 people. There are a church, a
primary school and a firemen home.

IN OUR VILLAGE

In our village there are no shops, so we must
go to posavec where the nearest shop is.

We like living in a village because it is very
quiet and there is fresh air. We spend a lot of
time outside riding bikes and trying to find
good material for our movie.
