

The background of the slide is a photograph of a borage plant (Boraginaceae). It features numerous green, serrated leaves and several small, five-petaled blue flowers with prominent stamens. Some flowers are in full bloom, while others are still in the bud stage, showing a reddish-pinkish hue. The plant is growing in a natural, slightly rocky environment.

ORGANIZMI V NARAVI IN UMETNEM OKOLJU

Enoletni predmet
Namenjen učencem 7. razreda
35 šolskih ur

A group of about seven children are in a lush green field. Some are standing, while others are crouching or bending over, seemingly engaged in a field activity like picking flowers or plants. In the background, there is a small house with a red-tiled roof and a dense forest of tall trees. The scene is bright and sunny.

RAD / A RAZISKUJEŠ?

SI RAD / A ZUNAJ?

Potem je ta predmet kot naročen zate.

A photograph of a science experiment setup on a white table. Several clear petri dishes are arranged on the table, each containing a small, dark, segmented organism, likely a fruit fly larva. A white plastic spoon lies on the table to the left. In the background, a person with long blonde hair, wearing a yellow and grey striped shirt, is partially visible, reaching towards the table. The setting appears to be a classroom or laboratory with wooden chairs and tables. The text "IMAŠ RAD / A DELO V LABORATORIJU?" is overlaid in green with a black outline at the top of the image.

POTREBUJEŠ

- kakršenkoli zvezek
- navadni svinčnik

Delo bobra ob reki Krki.

- veselje do narave in raziskovanja
- pripravljenost slediti navodilom učitelja

The background of the entire slide is a close-up photograph of a flowering shrub, likely a Forsythia, with numerous bright yellow flowers and green leaves. The text is overlaid on this image.
