PROJECT MEETING IN SLOVENIA

(18th January – 22nd January 2010)

INTERVIEWS DURING WORKSHOPS ON WEDNESDAY

Our school was visited by our peers from Greece, Turkey and Poland. So that their staying here would be more interesting, we organised different workshops on Wednesday, the 20th of January 2010. In an animation workshop they made animation with music. Sports activities took place in the gym. Pupils were competing in volleyball. In the computer room there was a language workshop where pupils made a very interesting multilingual dictionary with different phrases. In the kitchen the smell was really good, because the participants of a housekeeping workshop baked real “potica” (nut roll). Some pupils were preparing for a debate for the whole morning, which they had from 12.00 until 13.00. And, finally, we, journalists, prepared this short report.

Our guests participated in workshops with their Comenius guests - with pupils who are staying in their homes and with whom they spend their free time.

Sports workshop

What did you do at this workshop?

Lea: We played volleyball and table tennis. Here I felt great and I like everything.

Tolis: We feel fine and we like that we can do some sports with our new friends.

Debate workshop

Do you like this workshop?

Živa: I feel great and I like everything.

Kübra: I like this workshop because of freedom of speech and because we're spending time with our new friends. We don't have many rules. We searched for information and pictures. It is a bit hard because we need to speak English .

Timotej: I like the debate workshop very much, because we work as a group and not alone. I'm having fun.

Emir: I like this workshop because I learned a lot of new information and met new friends who helped me.

Language workshop

Thanos: I liked this workshop because it was interesting and different from our usual school lessons. I worked on my own because I didn't need any help.

Andrej: I like this workshop very much because I got to know new languages. We have made a dictionary.
